FOR IMMEDIATE RELEASE

Communications International Receives GSA Schedule 70 Contract Award

VERO BEACH, FL, May 2018 – Communications International (Ci), a leading wireless systems integrator and provider of critical communications network solutions and products is pleased to announce its IT Schedule 70 contract award by the US General Services Administration (GSA).

The GSA provides centralized procurement for the US federal government. Its acquisition solutions supply government purchasers with cost-effective high-quality products and services from commercial vendors, such as Ci.

“Receiving the GSA Schedule 70 contract award is a significant achievement, and we are proud to be an approved vendor for this means of government procurement,” said Ci President of Sales and Service Geno Viviano. “For more than four decades, Ci has earned its reputation for excellence by providing our customers with the best in technology, products and services to help them solve their toughest critical communications challenges. Our vast experience designing cost effective solutions for network infrastructure and dispatch operations as well as mobile and portable subscriber equipment will be of great value to government agencies, and we look forward to working with these customers to meet their needs.”

Schedule 70 features innovative technology products including radio broadcast and wireless communications equipment, as well as software and services to help government agencies ensure reliable communications, quickly and more securely. Ci’s Schedule 70 contract (#47QTCA18D005T) includes the following Special Item Numbers (SINs):

- 132-8 – Purchase of New Equipment
- 132-32 – Term Software License
- 132-33 – Perpetual Software License
- 132-34 – Maintenance of Software as a Service

To inquire about GSA sales, please call 888-275-4244 or email gsasales@ask4ci.com.
